

Ideation Phase

Define the Problem Statements

Date	17 September 2022
Team ID	PNT2022TMID32341
Project Name	Analytics for Hospitals' Health-care data
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Customer Problem Statement for Hospitals' Health-Care data:

I am	I'm trying to	But	Because	Which makes me feel
a patient	get admitted to the hospital	there is not enough availability of beds	the number of patients is more than the beds available	anxious that I might not get cured

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	a patient	get admitted to the hospital	there is not enough availability of beds	the number of patients is more than the bed available	anxious that I might not get cured
PS-2	a nurse	Allocate resources to the patient	there is not enough available	sufficient resources have not been allocated to the hospital	scared that the patient will not get the right treatment
